Co-operator: It was reported that the C.D.S. has produced the newspaper known as "The Co-operator" and that they would be anxious that this be carried on by this Federation. It was resolved that a Sub-Committee consisting of Messrs. Long and McMaster and Schultz look into the full matter of the publication and suggest any alternate publication possible.

Co-operative Act Amendments: It was reported that the C.D.S. had submitted to the Government proposals for an amendment to the Co-operative Act replacing the word Union with the word Federation, and a further amendment giving the right for Co-operatives outside of the Act to join Associations and Federations under certain conditions. It was agreed that this Federation support these proposals and that the Registrar be advised of this support.

Mildura School: It was reported that negotiations have been conducted between the Development Society and a number of Co-operatives in Mildura for the conduct of a one day school early in 1971. It was agreed that this Federation should contact Mildura offering any support possible for this venture.

C.A.A. - It was reported that Community Aid Abroad had discussed with the C.D.S. the possibility of arranging for an Indonesian student to visit Australia in 1971, to study Co-operatives. It was agreed that we should support this venture and the Secretary was authorized to contact C.A.A. to discuss a proposed itinerary.

A letter was received from the Co-operative Federation of Australia reporting on a proposed Study Tour to be held in 1972 and asking for a representative to attend a syllabus Committee. It was agreed to nominate Mr. R. Maybury for this discussion.
